

Optional Blood Tests

(A) Tumor Marker Blood Test

No	Tumor Marker Test Sets	Related Body Organs		Price tax included
1	•Tumor Marker set 1 (CYFRA•AFP•CA19-9•CEA)	Colon, Stomach, Liver, Pancreas, Biliary Tract, Lung		¥5,610
2	•Tumor Marker set 2 (Only for Female) (CEA•CA125•CA15-3)	Colon, Stomach	Uterus, Ovary, Breast	¥4,400
3	•Tumor Marker set 3 (Only for Female) (CYFRA•AFP•CA19-9•CEA•CA125)	Colon, Stomach, Liver, Pancreas, Biliary Tract, Lung	Uterus, Ovary	¥7,480
4	•Tumor Marker set 4 (Only for Female) (CYFRA•AFP•CA19-9•CEA•CA125•CA15-3)	Colon, Stomach, Liver, Pancreas, Biliary Tract, Lung	Uterus, Ovary, Breast	¥8,910
5	•Tumor Marker set 5 (Only for Male) (CYFRA•AFP•CA19-9•CEA•PSA)	Colon, Stomach, Liver, Pancreas, Biliary Tract, Lung	Prostate	¥7,260
6	•Tumor Marker set 6 (Only for Male) (PSA)		Prostate	¥2,530
7	•Tumor Marker set 7 (Anti-p53 antibody)	Colon, Esophagus	Breast	¥2,860

Items of tumor marker	Details of the test
CEA (carcinoembryonic antigen)	screen for colon, stomach, pancreas, lung cancer, heavy smoker and others
CA19-9 (carbohydrate antigen 19-9)	screen for pancreatic, gallbladder, bile duct cancer and others
AFP (alpha-fetoprotein)	screen for hepatitis, liver cirrhosis, liver cancer and others
CYFRA 21-1	screen for lung cancer and others
CA125 (female only) (cancer antigen 125)	screen for uterine, ovarian cancer
CA15-3 (female only) (cancer antigen 15-3)	screen for early detection of breast cancer
PSA (male only) (prostate-specific antigen)	screen for prostate cancer
Anti-p53 antibody	Early detection of esophageal, colorectal, breast cancer and others

- ※ Tumor marker examination is supportive evidence for further prevention of cancers.
When the tumor marker test is positive, we recommend for further examinations.
- ※ However, not all tumor will show positive reactions due to stages and difference in organs.
Feel free to ask any questions before taking optional tumor marker tests.
- ※ Tumor marker set 7 is recommended with other combination set 1 to 5.
- ※ These blood test will do it together with your blood collection course, please inform to our receptionist earlier.

(B) Heart Function Test

No	Test	Item	Details of the test	Price tax included
8	Heart failure Heart function	NT-proBNP	screen for heart function or if you have symptoms of heart failure example: palpitation, shortness of breath or others.	¥3,300

※ Kidney disease will cause the result to high value.

(C) Stomach, Duodenum Function Test

No	Test	Item	Details of the test	Price tax included
9	Gastritis Gastric ulcer Duodenal ulcer (ABC Type)	Helicobacter pylori IgG抗体	Screen for bacterial infection of stomach cancer, gastric ulcer, duodenal ulcer	¥4,400
		Pepsinogen	Screen for Atrophic gastritis, Peptic ulcer, Stomach cancer and others.	

(D) Hepatitis Test

No	Test	Item	Details of the test	Price tax included
10	Hepatitis B & C	HBs antigen	Screen for virus of hepatitis B	¥4,400
		HCV antibody	Screen for virus of hepatitis C	

(E) HIV Test

No	Test	Item	Details of the test	Price tax included
11	HIV	HIV antigen/antibody	screen for virus of HIV	¥2,200

(F) Thyroid Function

No	Test	Item	Details of the test	Price tax included
12	Thyroid	TSH (Thyroid stimulating hormone)	screen for how much hormone in your blood, hyperthyroidism can cause the result in lower value.	¥4,510
		F-T4 (Thyroid hormone)	more accurately reflect how the thyroid gland is functioning when checked with a TSH.	

(H) Allergy Test

No	Test	Item	Details of the test	Price tax included			
13	Allergy (6types)	Inhalation allergy	Screen for cedar pollen, cypress pollen, dog epithelium, cat epithelium, house dust and house dust mite allergy.	¥7,810			
14	Allergy (39types)	View 39	One time blood test for 39 types of allergy check	¥17,600			
			Dust		house dust, mite	Egg	egg white, ovomucoid
			Animal		dog, cat epithelium	Milk	milk
			Insect		moth, cockroach	Cereals	wheat, soba, rice
			Tree		cedar, cypress shirakaba, alder	Crustacean	crab, shrimp
			Plant		dactylis, timothy grass	Beans	soy, peanuts
			Weed		ragweed, mugwort	Meat	chicken, beef, pork
			Fungus		susukabi, aspergillus candida, malassezia	Fish	tuna, mackerel, salmon
			Work		latex	Fruits	kiwi, apple
						Other	banana sesame
